## Off-Highway Spicer® Transmission Seal and Gasket Kits

### Save Time and Money

Spicer® Off-Highway Transmission Seal and Gasket Kits ensure you have what you need on hand to streamline complicated transmission repairs. See other side for additional details.

# Spicer® Off-Highway Transmission Seal and Gasket Kits

Ensure you have what you need on hand to streamline complicated transmission repairs. These kits have components that more closely match the needs of the models covered than our previous offerings. Additionally, O-ring identification sheets are included that will eliminate the guesswork of identifying the O-rings contained in the kits.

T12000 TRANSMISSION SEAL & GASKET KITS - (Please scan the QR code for specific transmission model and part numbers that each kit covers.)		
Kit Part Number	Kit Application/Description	End User For Transmission Model
10075961	Various short and intermediate drop transmissions used by Defense Technology (including models with hydraulic inching option)	Hyundai, Ingersoll Rand/Volvo Construction, Manitex Lifting, Royal Tractor, Samsung and Terex-Genie
10075963	Transmissions with 17-degree drop box	Caterpillar and Komatsu
10075964	Various transmission models	Gradall, JLG, Lull and Oshkosh
10075965	Intermediate drop transmissions	Manitou-Gehl (either mounted directly to engine or driven by driveshaft from engine)
10075971	Short drop transmissions	Manitou-Gehl
10075972	Various transmission models	Ardco, Eagle Tug, ENMTP, Hoist Lifter, Load Lifter, Omega, Skyjack and Xtreme
10075973	Various transmission models	Case New Holland (CNH), FAI, Fiat-Hitachi, Hydrema, Kalmar, Trak International and TLD

  

T13/TE17 TRANSMISSION SEAL & GASKET KITS - (Please scan the QR code for specific transmission model and part numbers that each kit covers.)		
Kit Part Number	Kit Application/Description	End User For Transmission Model
10083219	TE13 & TE17 Transmissions with <u>full flow control valve</u>	SMV, Fantuzzi, Otomills, Taylor & in certain Kalmar applications
10084815	TE13 & TE17 Transmissions with <u>full flow control valve</u>	Doosan, Clark Australia & in certain Kalmar applications
10084770	TE13 & TE17 Transmissions with <u>full flow control valve</u>	Linde, Sany, China Longgong, Dailian Forklift & in certain Kalmar applications
10084973	TE13 & TE17 Transmissions with <u>full flow control valve</u>	CVS and Hyster-Yale
10085045	TE13 & TE17 Transmissions with <u>non-full flow control valve</u>	Taylor
10085048	TE13 & TE17 Transmissions with <u>non-full flow control valve</u>	Doosan
10085058	TE13 & TE17 Transmissions with <u>non-full flow control valve</u>	Certain Kalmar applications

  

TE27/TE32 TRANSMISSION SEAL & GASKET KITS - (Please scan the QR code for specific transmission model and part numbers that each kit covers.)		
Kit Part Number	Kit Application/Description	End User For Transmission Model
10088084	TE27 & TE32 Transmissions with <u>full flow control valve</u>	CVS, SMV, Sany, Linde, Kalmar, Fangan & Clark Australia
10088122	TE27 & TE32 Transmissions with <u>full flow control valve</u>	ZPMC, Telco Construction, Otomills & China Lonking
10089437	TE27 & TE32 Transmissions with <u>non-full flow control valve</u>	Kalmar
10089519	TE27 & TE32 Transmissions with <u>non-full flow control valve</u>	PPM
10089864	TE27 & TE32 Transmissions with <u>full flow control valve</u>	Taylor & Hyster-Yale
10088084	TE27 & TE32 Transmissions with <u>full flow control valve</u>	Fantuzzi
10090551	TE27 & TE32 Transmissions with <u>non-full flow control valve</u>	SMV, Fantuzzi, Hyster-Yale, Belotti and CVS
10090613	TE27 & TE32 Transmissions with <u>non-full flow control valve</u>	Linde and Clark Australia
10090616	TE27 & TE32 Transmissions with <u>full flow control valve</u>	PPM
10090728	TE27 & TE32 Long Drop Transmissions with <u>full flow control valve</u>	GHH and Atlas Copco
10095040	TE27 & TE32 Long Drop Transmissions with <u>full flow control valve</u>	Allied Systems and Kunming
